Developmental Medicine & Child Neurology

Volume 33 1991

INDEX

Authors and subjects of articles in the body of the journal are indexed together. Abstracts are included in the general index and listed under both subject and name of first author, with '(abstr.)' at the end of the title. Letters to the Editor are indicated by the symbol '(L)'. Co-authors are cross-referenced to first author.

KEY TO ISSUES AND PAGES

Issue	*Pages*	*Issue*	*Pages*
No. 1	1–94	No. 7	565–657
No. 2	95–186	No. 8	659–752
No. 3	189–282	No. 9	753–846
No. 4	283–376	No. 10	847–940
No. 5	377–470	No. 11	941–1034
No. 6	471–563	No. 12	1035–1128

Academic performance and intelligence following Reye syndrome: sibling-controlled study, 811
ADAMSON, L. *See* BARR, R. G.

  Annual Meeting, 1990: Report, 177
  Annual Meeting, 1991: 87 Abstracts: *Suppl. 64*
Ammonia and carnitine concentrations in children treated with sodium valproate compared with other anticonvulsants, 795
ANDAY, E. K., COHEN, M. E. and HOFFMAN, H. S.: Comparison of reflex modification procedures and auditory brainstem responses in high-risk neonates, 130
Angelman syndrome, alpha-fetoprotein in, 182(L)

ANNOTATIONS
  Adolescent idiopathic scoliosis, 167
  Aseptic meningitis, 446
  Autism
    diagnostic issues, 1015
    evidence for common structural basis to, 930
  Brain, the, and the immune system, 829
  Drooling, surgical management, 1110
  Dyscalculia in children, 356
  Genomic imprinting, 552
  Head movements of visually impaired children, 645
  'Idiopathic childhood absences', a system disorder: its diagnosis and differentiation, 744
  Language and behaviour, relationship between, 86
  Microcephaly and intelligence, 267
  Neurological and developmental variants of Munchausen syndrome by proxy, 270

Anticonvulsants: ammonia and carnitine concentrations in children treated with sodium valproate compared with other anticonvulsants, 795

Aphasia, acquired, and epilepsy: treatment, 834(L)
APPLETON, R. E.:
with GARDNER-MEDWIN, D. and MENDELOW, D.: Hemispherectomy for intractable seizures, 273(L)
with FARREL, K. and DUNN, H. G.: 'Pure' and 'complicated' forms of hereditary spastic paraplegia presenting in childhood, 304
with LEACH, H.: Delayed eruption of secondary dentition associated with phenytoin therapy, 1117(L)
et al: Head circumference and intellectual performance of patients with Duchenne muscular dystrophy, 884
